

I am very afraid, not for myself, I am afraid for Am Yisroel. It is true that in the last years many Yidden have found their way back to Yiddishkeit. However not always is their Yiddishkeit firmly implanted in their hearts and in their minds. The world around us is so strong and so evil that it has broken openings in the protective walls that Yidden have built around themselves for centuries keeping the evil out of their lives and the Truth protecting them in their Divine

directions. The Yidden who are Torah true Jews have always been protected by the shield of Torah, Mitzvos and Maasim Tovim and total trust in Hashem. However, the twisted lies and false beliefs of the Goyisha world have broken down many of those protective walls and have seeped into the everyday life of many former Erlicha Yidden. These evil thoughts and deeds in many instances have been transformed by too many Jews as true Yiddishkeit, Chas Vesholom, but it isn't and it never will be!

I shake with fear when I realize how many Yidden are falling by the way thinking truly that they are still Ovdai Hashem. They don't even realize that the Satan himself is dressed up like a true Tzaddik and pulling them in the direction of Gehenom or Chas Vesholom even worse. I am so upset about this and when I look around and see how many have lost their way I become terrified. How many will be left?!?!?

I know that there have been great Tzaddikim that have made statements about how many true Jews will survive and greet Moshiach, and that frightens me even more. My fellow Jews, please, I beg you, start from the outside in. Throw away your unnecessary Gashmius. Live only to do Hashem's will. Be Tzanua, men and women not Tznius according to Parisian styles but from the true Tznius that both men and women using the example of our Tzaddikim have always adhered to.

An overabundance of food only makes people fat and unhealthy. An overabundance of Gashmius makes a person spiritually ill. Diets don't help, only for a short time. The only thing that helps is to throw it all away. Eat only for being able to live and be strong in order to do Hashem's will. Live only in simplicity without too much of the frivolous overabundance that so many have turned into some sort of extremely questionable Mitzvos. Come back to Hashem completely utilizing every moment of your day and your night only to please Him. Find yourself a Rav that will guide you in this direction and not surround himself with the lies and the negative Gashmius. Go always in one direction, Torah, Mitzvos and Maasim Tovim and you will be saved. Even if Hashem only saves, as the Chessed L'Avrohom says 7000 Jews, try to be one of those Jews. Am Yisroel, I am crying and davening for you and for myself that we should all be Zoche to great Moshiach Tzidkainu because we are really at the door of the Geula Sheleimah and I am davening very hard that every Jew alive today will break his bad Middos and his longing for the evil and will switch these negative feelings into the positive longing of only wanting to be an Oved Hashem in every way and thereby saving himself. Every

Jew and Jewess has to reach this height individually. Every single Jew and Jewess that reaches out to Hashem in all sincerity will be saved. We are definitely at the end of our journey in this world as we know it. It is hard to contemplate that our lives, the length of our lives, throughout the generations from the first man and woman is not something that will last forever. It isn't forever! We realize that there are different dimensions, some that we know of like Gan Eden and Gehenom and Shelo Neda, Kaf Hakela, Shelo Neda, which are for the Tzaddikim as real as this world. The closer you get to the evil, your eyesight lies to you and you think the world as we know it is everything and when I say the world as we know it that includes all the planets in our solar system and even beyond.

This superficial reality Hashem created also to help His precious Jewish Neshomas gain eternity by going so deep into Torah learning, which they could only do if they lived according to the Torah life that Hashem demands from us. Our greatest Tzaddikim during their lives could see way beyond what most people can't fathom and have come very close in this world to an almost total spiritual existence. These Neshomas, souls of these Tzaddikim, have revisited this world periodically to give Am Yisroel, who are still lost in the desert, the direction that will bring them back to absolute Truth.

In the next few weeks there will be much fear in the whole world. The evil ones, the Zionists included, will be pulling us into the greatest physical and spiritual war that ever was. This will not be the end of the evil because it will be a war of evil against evil. After that the mini solar system Nibiru or Hashavit will make its appearance and most of the world will be destroyed with most of its inhabitants, Hashem Yishmoreinu Veyatzilainu! But that's still not the end. There will be true Yidden left in Eretz Yisroel and at that point the evil ones that survive the very close to Earth appearance of this mini solar system will come up against Israel and after that, after Hashem has sent his Shaliach Moshiach to fight the Reshoim and defeat them singlehandedly, then the survivors will be able finally to rebuild the Bais Hamikdosh IY" H. It will be an endeavor that both Yidden and Hakodosh Boruch Hu will work on together. The holy Bais Hamikdosh will never be destroyed! It will be very different then the first two Batei Mikdosh in that it will be eternal, it will be Shmimi / Divine. It won't be dependent on the world as we know it but every Jew that is left will be worthy of entering and Davening in this most holy place which will transcend the dimensions of the earth as we know it and we will enter into a new phase of our connection with the Hakol Yachol, Hakadosh Boruch Hu which will go on forever!

Am Yisroel start now. Get rid of your evil thoughts and deeds even if they are covered up with so-called Torah learning and the exterior dress of a Frum person. Purify yourself in every possible way. Purify your family and do true Teshuva. Prove to Hashem that you are serious in trying to do Teshuva and Im Yirtzeh Hashem you will begin to understand the absolute Truth which will make it impossible for you to fall in the quicksand of evil and be dragged down to the depth.

I wish all of us a Gut Shabbos a Gut Chodesh and a Good Tamid.
