

Time is moving on, and as we travel forward in time the future of mankind is looking more and more ominous, Hashem Yishmor. We Jews are a small people in numbers and our place in the world is only a tiny spec on the map. Still we are Hashem's chosen people and not even the Edomites or any other large group of people who live on vast stretches of the earth's surface can claim to be Hashem's chosen ones. But what were we chosen for? We were

chosen for the ability that Hashem gave us to see Truth and to come close, very close to Hakadosh Boruch Hu. We were created by Hashem to be able to abide by His Torah which is a guideline for all existence and we, Am Yisroel, were chosen to be His loyal true servants forever.

Because of this the nations of the world have always been jealous of us and have wanted to take our place as the chosen ones. They wanted all this so much that from the very beginning we have been persecuted and murdered and driven out of every country of the world. The peoples of the world hate us with a vengeance that is very strange because we are weak physically and not really a threat to anybody. The opposite is true because whatever country we have settled in, during this long terrible Gallus-diaspora, we have only brought to that place prosperity. But the nations of the world are jealous of us and will stop at nothing, in most instances, to make sure that Hashem's favorite children will be no more, Chas Vesholom. Since the world was created, since Avrohom Ovinu was born, we have been persecuted in the most terrible ways. We have had stretches in time of peaceful coexistence with other peoples of the world but even then, it was only for a limited time until they would rise up against us. Now we are coming to the end of this world as we know it and we are getting nearer to the moment when the Jewish people will meet and recognize Moshiach Tzidkainu and be saved, when the destruction of the world as we know it happens.

For many centuries we have had another element trying to destroy us called the Erev Rav. The Erev Rav, are the mixed multitudes of Egyptians that left Mitzrayim with the Jewish people. Today they are considered Jews and nobody knows who they really are and who are the descendants of these Egyptian converts. But they have never really accepted Yiddishkeit and in their hearts have always leaned towards the beliefs and the desires to be once again part of the non-Jewish world. This is our biggest test before the Geula Sheleimah which is how not to let these so-called Jews convince us that to go in the way of the world, to be like the other nations of the world, to believe that the so-called cultures of the non-Jewish world is where we are supposed to be. According to these so-called Jews we have to either drop or discard our old beliefs and

customs and make them like, Chas Vesholom, the idol worshipping pagans of most of the world.

Nothing has changed in all of these many years since Avrohom Ovinu was born. In fact, since the world was created, the Goyim are still reveling around their Olympic type sports and their sensual music and their idol worshipping religions. The Erev Rav is among us in every generation but even more so now and they have a great desire to go back to all their false gods and give up the Torah that they also inherited. And now the day is coming when the Truth will be known one way or another and this tiny people called Am Yisroel, the pure nucleus of the Jewish people, Hashem's chosen, will finally break away from all the lies and again become one in every way, one with Hakadosh Boruch Hu. However, the peoples of the earth including the Erev Rav who look like Jews on the outside and might even have Yichus-proud lineage will be destroyed together with most of the Goyim. There are believers among the Goyim that accept Hakadosh Boruch Hu and that follow the Seven Noachide Laws and they are righteous Goyim. They will also be saved.

We, the so-called handicapped, have been telling you for over twenty-five years that this is going to happen. That the destruction of the world as we know it is going to be and I see that Jew and gentile alike are beginning to see it happening already. A wise person can feel it in the air that something terribly difficult is about to happen. It is all foretold in our Nevuas and in the writing of the commentators on the Torah.

The citizens of the world are looking at their world and feeling that something terrible is about to happen that the world is being ruled by maniacs. We feel that we might be in some giant mental institution suffering from a mental illness that is encompassing the whole world population. We are coming to the end Am Yisroel! The real Am Yisroel will survive but you have to do Teshuva, you have to be worthy of being Hashem's servants. You have to be ready to be part of the future of total spiritual pleasure without any of the vices and ugliness of this present world that we live in.

The world was created, this whole solar system was created to help Am Yisroel and any other of the peoples of the world interested enough but especially Am Yisroel to rise above the great test of the Yetzer Hora and only want to be close to Hakadosh Boruch Hu. We have to yearn to be Kedoshim and not to be like the peoples of the world which prefer the Tumah of the Yetzer Hora. In order to do this, we have to in our hearts and souls get rid of all the lusts and desires of the world that has become so horribly twisted. We have to live 24-7 according to the Torah and we have to search constantly for ways to be closer and closer to The Hakol Yachol Hakadosh Boruch Hu. Obviously dressing in not Tzniusdik clothes that only cause bad thoughts in people's minds and the open type of society that encourages true Jews to feel that they can also celebrate Shabbos, Chas Vesholom in different ways like going out with the kids on trips in nature instead of our traditional way of keeping Shabbos. Any deviation of the laws that

Hashem gave us at Har Sinai is absolutely forbidden. We are pulled by the Erev Rav and the peoples of the world away from our beloved Torah that has kept us so close to the Truth all these generations. The Reshoim want to separate us from this. The true Yid knows that to survive spiritually and physically in this world intact in the best way possible, we have to separate ourselves from the lies, from the desires and the sins of the peoples of the world that seem so necessary in order to enjoy and feel fulfilled. These so-called pleasures of the world will only kill us and take us away from eternity, Chas Vesholom. I am warning you Am Yisroel, we are in the last moments of the history of the world as we have known it. Hashem is calling His children back to Him begging them to give up their worldly ways and separate themselves from the idols of the primitive peoples of the world that laud their idols as the saviors of the world and as the greatest form of culture. In reality they are the symbols of the devil himself. Come back to the purity to the Kedusha that Hashem gave to Am Yisroel and leave all your pagan ways. Come back now and if not now then you will be swallowed up with the rest of the pagan world together with your idols and your so-called culture and your open mindedness and every other word that describes your desire to separate yourself from the Truth. Am Yisroel again I beg you make peace with your fellow Jews and come back to Hashem. It is the only road, not only to survival but to eternity.
