

Mommy: You are in such pain since you came back from the Bais Hachaim. Do you want to write and tell us what is bothering you?

Meir Yisroel: Yes! All the Neshomas in the Bais Hachaim were crying to me about the suffering that Am Yisroel is still going to have. Crying from their graves. They were screaming, "Stop with your stupidities, your jealous hatred, your Lashon Hora and your lack of Tznius! Stop worshipping

the Egel Hazahav!" Nobody heard, only me? Mommy, one of the worst things in the whole world is baseless hatred and jealousy, it brings us to most of our troubles. Hashem Himself blew the breath of life into Adam and made him a mate but the Nochosh was jealous and that was the fall of the world. Now it is the same thing again. The Goyim are jealous of the real Yid, not the secular Jew because they are easily influenced by the non-Jewish world and for the most part look down on the Frum Yidden. They look upon them as primitive beings. The real Yid bothers them and until they get rid of all of us Chas Vesholom they can't rest. They were sure that by this time we the Frum Jews would be finished off but they failed in their effort.

When Ben Gurion came to the Chazon Ish and the Chazon Ish spoke to Ben Gurion about not drafting Frum women Ben Gurion had no choice but to give in because Ben Gurion felt that he couldn't go against this spiritual giant and it frightened Ben Gurion. But Ben Gurion lost his control of the state of Israel and other Reshoim came instead and their main goal and the goal of the nations of the world is to destroy Am Yisroel's connection with Hashem. And the desire of the jealous Goyim goes so far as to think that they can, Chas Vesholom, defeat Hashem Himself. But the crazy people who are wild with jealousy and anger, who want to act worse than animals and be called the chosen one Chas Vesholom they crowned another deity, Kivyachol, called the Satan. It's all the same jealousy of the snake. The Goyim are still jealous of Adam and Chava and their connection with Hakodosh Boruch Hu.

Now Hakodosh Boruch Hu has let them seem to be in charge of the world. They have basically taken over the world. Only eight people in the world own half of all the wealth of the world but they're fools and they will be destroyed, all of them very soon. They feel it can't happen because physically they rule everything in the world as far as they can see but Hashem has surprised them and suddenly their plans had to take a different turn.

Suddenly a planet appeared, a mini solar system, in our solar system. A sun with seven planets orbiting around it approximately one-tenth the size of our sun and this confused them. They began to re-plan. In the meantime, they are continuing with their original plan however when this mini solar system starts to show us that it is going to bypass us very closely causing huge destruction on the planet earth killing most of the people on the planet, Hashem Yishmor, then they will revert to plan two.

Many years ago, they began constructing huge bunkers all over the world many of them in the United States. They have robbed their countries of huge amounts of money in order to do this. They built these bunkers with the best scientific minds in the world. They built everything with the highest quality of technology with a great amount of luxury so that they could go through these perilous times before during and after this small solar system passes and survive it all. They don't realize, in their unbelievable stupidity, that only Hashem is the Creator of all things and while they have all these tremendous plans of taking over the world, Hashem sent them something they couldn't dream about. Still they think that they have outsmarted Hashem! They have a big surprise coming and for many of them their bunkers will be their grave. Some of them will come out of their bunkers to go up to Eretz Yisroel to take it over. Those Reshoim will however have a great surprise because even though they put all these weapons (armies, boats and planes) in bunkers and they will be ready for use, when they come to Eretz Yisroel and they find Eretz Yisroel wasn't affected by what the rest of the world was effected by they will be very upset and they will see Eretz Yisroel is still practicing its Yiddishkeit in full because there won't be a Medina and they will plan to just take over the country but Hashem will have already revealed Moshiach in Eretz Yisroel. Moshiach will be Hashem's Shaliach to stop these Goyim. Hashem will kill them all, and the rest you can read in the Nevuas. It's going to happen and the planet, the mini solar system, is very close.
