Today we must be Freilach

Mommy, this week is going to make us realize even stronger the evilness of the world we live in. How mankind that is supposedly above the barbaric actions of previous generations will be shown to be just as low and cruel as generations gone by. In fact I think even worse. The end is coming very quickly. Every day there is so much news that you can't keep up with it. The Reshoim are behind all this confusion because they are hiding the truth with all kinds of happenings that will keep us, the citizens of the world, from scrutinizing their actions. But it won't help them. They, Yemach Shemom Vezichram started a war against Hakodosh Boruch Hu and it started since the snake was created but very soon the war will end and the snake, known as the Yetzer Hora, Yemach Shemo Vezichro will disappear forever from all existence.

I can't wait for that moment. I am waiting impatiently for that moment when we all, Am Yisroel and whoever else survives, will be calm. We will know what is right and we will only desire to do the will of Hashem which is all good.

A Frelichen Purim, but next week will not be so happy, generally speaking but today we must be Freliach!

Accepting Ol Malchus Shomayim

Mommy, our attention this week will be focused around Rav Berland and hopefully one day soon he will return to Eretz Yisroel. This is one of the signs that the Geula Sheleimah it is coming to fruition soon. That is the beginning of the week. By the end of the week there will be many explosive topics to deal with in the world and in Eretz Yisroel. Each one of them will also be a sign of how very close we are getting to the end of the Golus.

I would still recommend that the people in Eretz Yisroel have food and water in the house more then what they need and all other things they feel they can't do without including the possibility of a lack of electricity. But all of what I have mentioned above won't help if we haven't done Teshuva and denounced all of our false gods and accepted Ol Malchus Shomayim completely with out question. If we do that sincerely we won't have to worry not about food not about electricity

and not about anything because we have accepted Hakodosh Boruch Hu as our Father, our Creator, our King for all eternity.

Let it be clear to everyone the end of the world as we know it is coming very soon. It's not a dream it is reality. If we do Teshuva and accept Ol Malchus Shomayim we will come out of it happy beyond belief. I know that very few will survive. The few that will survive will be the absolute chosen ones from Shomayim and will be part of a world that will be all good without the Yetzer Hora to disturb.
