The Satan is Trying To Take Control

Mommy this week will bring many more new revelations. Some will be very confusing to most people and other things will just be very frightening. But for perceptive people it will show us that the Geula Sheleimah is imminent, very soon. With all of my excitement I am a little sad because this world that Hashem created is beautiful and so perfect and man with his Yetzer Hora, with the Satan, is trying to take control and destroy the world with their stupidity and with their evilness. This is Hashem's world and the evil ones cannot do anything that Hashem does not agree to. So therefore If Hashem destroys most of this world and with it the Reshoim then we should understand and know and except that it's all for the good.

Even though in many ways it will be hard for us, also because of the fearful things that happen when two thirds of the world will be destroyed and also because we have become attached to this world. But never fear Hashem won't leave us alone and miserable. He has built another world, a world that truly has been built a long time ago, ready for us to rise high enough spiritually in every way to be able to live, exist and grow in this new world that will soon become our home.

Moving from one dimension to another in the world we inhabit now is a very difficult thing. Men have been trying to do it for quite a while without success. But when Moshiach Be'ezras Hashem has defeated our enemies and the evil ones are gone and good prevails and we are ready to move onto the next dimension it will be so easy we won't even feel it. The transition from this world to a new dimension will be very smooth. And once we are in the new dimension we will grow and grow and grow spiritually and become closer and closer to Hashem. We will be happy we will be content but still striving to go higher in Avodas Hashem and to come closer and closer to the Ribbono Shel Olam always yearning to do His complete will.
