

Well what can I say? I told you so? There is no doubt certainly not in the minds of intelligent people that the world is heading straight into World War III. Only fools will try to argue this point but very soon even they will realize what a catastrophe for the whole world is on the horizon.

Wake up Am Yisroel! This is all about you, Hashem's beloved children, the ones He took out of Mitzrayim and He gave His most precious

Torah to. My heart breaks and my tears flow when I realize that so many of the Jewish souls have gone astray and have deserted the camp of The Hakol Yachol. I can't really understand neither in my heart nor in my mind how a true Jew could desert his religion. However, I realize that Hashem is weeding out from among the true Jews the weeds known as Erev Rav that have been growing side by side with the true Jewish people. They pray with us. They celebrate all the Yomim Tovim with us. They dress like us. Some even speak Yiddish. Some are Rabbis and some are Askonim. They all have one thing in common. They are Erev Rav. They can't ever be at peace with their own people because they are not true Jews. They are still in Mitzrayim, and continue to worship Egel Hazahav.

There is going to be in the events of the near future a cleansing of the population of the world and it has already started for the most part. However, each Jew can save himself or herself by living every day and every night according to the Torah and every Jew that truly has a Jewish soul must be ready at a moment's notice to give up his or her life for their Yiddishkeit. However, this does not mean that they have to die Al Kiddush Hashem, but rather to live Al Kiddush Hashem and continue the generations. This idea of living Al Kiddush Hashem is more important than dying Al Kiddush Hashem! We don't know ahead of time what kind of devotion, commitment Hashem will ask from us. But we do know one thing that Hashem will save every true Jew! I am very worried because I know and I see that the drums of war are pounding and that now it can't be much longer to wait for the Geula Sheleimah.

I just want to remind everyone that Kedusha is the highest form of love for Hashem and therefore that is our goal. Through our Davening we can reach this goal of coming very close to Hakadosh Boruch Hu and to be one with Him for all eternity.
